

CREDIT RECOVERY & SUSPENSION ALTERNATIVES

Credit Recovery

A fresh opportunity to move forward.

THE CHALLENGE

Missing credits can put graduation plans at risk. Students need another opportunity to master coursework with support when they struggle. Fullmind provides live educator guidance aligned with district-approved courses and credit requirements.

How Fullmind helps

Create Another Path Forward

Provide a supported opportunity to complete coursework and work toward missing credits.

Pair Coursework With Live Support

Connect students with an educator who can explain concepts, answer questions, and provide feedback.

Keep Graduation Planning Informed

Share attendance and academic progress so school teams can monitor movement toward course completion.

How it works

1

Confirm Course Requirements

The district identifies students, approved coursework, and requirements for earning credit.

2

Deliver Live Instruction

Provide educator-led support aligned with the district's course expectations.

3

Document Progress

Share coursework and participation updates for the district's review and credit decisions.
